

"Deeper Than the Sea"

Sail off into Dreamland
Ride in on a wave
Hear the seagulls sing
See the dolphins dance
The sea breeze whispers your name

Reagan, Reagan
I love you endlessly
Reagan, Reagan
Deeper than the sea

Find a million "I love you's"
Written in the sand
The sun always shines high above you
'Cause it never rains in dreamland

Reagan, Reagan
I love you endlessly
Reagan, Reagan
Deeper than the sea

You'll find sand crabs and build castles
There's miles of coast to explore
You'll be sun-kissed and loved so much more
Than all the shells on the shore

Reagan, Reagan
I love you endlessly
Reagan, Reagan
Deeper than the sea
