

"The World"

This [**summer**], the world will change forever
This [**summer**], the world will change for the better

Cause once it learns your name

[**Olivia Jo O'Neil**]

It will never be the same
The world will never be the same

And the world, the whole world
Is what we want for you

[**A life full of love where you feel free
To shoot for stars and chase big dreams
And that you'll always know
There's nothing you can't do**]

This [**summer**], the world will change forever
This [**summer**], the world will change for the better

Cause once it learns your name

[**Olivia Jo O'Neil**]

It will never be the same
The world will never be the same

[**Mommy, Daddy, Evie and Oscar**]

Already adore you

[**Your grandmas, grandpas and all your aunties
Your Uncle Mark and your stuffed bunny**]

Have all been waiting for you

This [**summer**], the world will change forever
This [**summer**], the world will change for the better

Cause once it learns your name

[**Olivia Jo O'Neil**]

It will never be the same
The world will never be the same
