

"Sweetest Dream"

You can build a candy castle in your dreams
On a hilltop piled high with sugar and grass that's always green
Where raindrops are gumdrops
And lollipops are trees
And the streets are paved with rainbow jelly beans

Sweet dreams

Sweet, sweet [**Aaliyah**]

You're our sweetest dream come true
We hope your dreams are just as sweet as you
Oooh

You're the sweetest love that we ever known
So in this candy kingdom, you'll feel right at home
Chocolate kisses are endless
And your pillow feels like marshmallows
And it's never cold, when coconut flakes snow

Sweet dreams

Sweet, sweet [**Aaliyah**]

You're our sweetest dream come true
We hope your dreams are just as sweet as you
Oooh

When you close your eyes and drift to sleep
You'll see pinks and purples in the sky with clouds of cotton candy
You'll swing from branches of licorice and
Run through fields of strawberries
And swim in rivers flowing with sweet honey

Sweet dreams

Sweet, sweet [**Aaliyah**]

You're our sweetest dream come true
We hope your dreams are just as sweet as you
Oooh
