

"Light Up the World"

[**Evie, Evie**], beautiful girl

[**Evie, Evie**], you light up the world with:

[**The joy you get from little things**

How you groove to "You Make Me Feel Like Dancing"

With the way you stretch out story time

You make my day without even trying]

[**Evie, Evie**], beautiful girl

[**Evie, Evie**], you light up the world with:

[**The care you take with your dolls and Oscar**

That kitty has a real good doctor

I love your laugh like you love snacks

Backyard nature walks and bubble baths]

[**Evie, Evie**], beautiful girl

[**Evie, Evie**], you light up the world with:

I love seeing the world through your [**green**] eyes

How [**cows and puppies**] make you smile

And how [**watching "Bluey"**] lights up your face

Let's go to [**your house**], your happy place

[**Evie, Evie**], beautiful girl

[**Evie, Evie**], you light up the whole world
