

# "Wildest Dream"

Did you know that in your wildest dreams?  
You can swing just like a monkey from the highest trees  
Like an owl, you can stop up all night  
Or paint the town just like a zebra with black and white stripes

If you're awake or you're dreaming  
No, there's nothing you can't be if you believe in you  
The way I do

Let me hear you roar like a lion  
Spread your wings and go flyin'  
Like an eagle in the sky so wild and free  
Like a giraffe, always stand tall  
Like an elephant, grow big and strong  
And always remember, [ **Cameron** ]  
You're my wildest dream

There is no one quite as wild as you  
Close your eyes and hop, hop, hop just like a kangaroo  
Climb the highest mountains like a bear  
Or you can be a butterfly and go floating on air

If you're awake or you're dreaming  
No, there's nothing you can't be if you believe in you  
The way I do

Let me hear you roar like a lion  
Spread your wings and go flyin'  
Like an eagle in the sky so wild and free  
Like a giraffe, always stand tall  
Like an elephant, grow big and strong  
And always remember, [ **Cameron** ]  
You're my wildest dream

I could never dream up someone quite like you  
In my wildest dream
